Justice Goff Denies Motion to Dismiss Fraud Charge in

Seaside Park Case. SWANN TO PRESS TRIALS

Former Senator Reynolds and Associates Lose Statute of Limitations Plea.

The motion to dismiss indictments against four men charged with conspiracy to defraud the city in the sale to the city of Seaside Park at Rockaway Beach was denied yesterday by Justice Goff in the Supreme Court. The decision affects William H. Reynolds, formerly State Senator; Frank Bailey vice-president of the Title Guaran vice-president of the Title Guaran-tee and Trust Company; William M. Greve, vice-president of the Neponsit Realty Company, and Charles A. Special Despatch to THE SUN. WASHINGTON, April 16 .- A study of the practicability and advisability of common use of the Hudson tubes and the Pennsylvania passenger station in New York by the passenger trains of other roads is being made by Regional

Director A. H. Smith in New York.

This study was initiated by DirectorGeneral of Railroads McAdoo with a
view to saving equipment and duplication in handling passenger traffic in

New York.

Action by the Railroad Administra-tion in this direction, however, is by no means imminent. The Director-General has not yet received any report from Regional Director Smith or from his aids in Washington.

It was stated to-day that no hasty ction would be taken until the matter carefully considered from the standpoint of convenience to the travelling public. The tubes and terminal are no longer viewed as individual railroad property, but as a part of the general Government transportation systems.

Directors Refuse to Confer With Alien Property Custodian Here.

The controversy between A. Mitchell Palmer, Alien Property Custodian, and officers of the Carfield Worsted Mills of Passale developed into an open break resterday. Representatives of the company refused to attend a meeting with Mr. Palmer here for a reorganization through which a majority of the com-

Mr. Palmer here for a reorganization through which a majority of the company's directors would be appointed by Mr. Palmer.

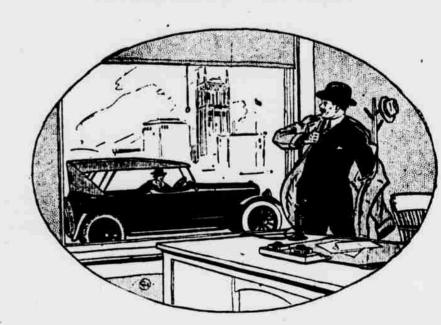

Before he left for Washington last night Mr. Palmer had completed reorganization of seven other New Jersey woollen mills, at least part of the stock in which is German ogned. After the reorganizations were effected the new boards of directors met. They adopted resolutions directing the operating officers of the mills to undertake none but Government contracts except after obtaining specific permission from the directors.

The directors representing Mr. Palmer on the board of all the companies are Andrew B. Duvals of Washington, Mark A. Sullivan of Jersey City, Thomas H. Marshall, Mrs. Henry Pairfield Os-born, Mrs. Francis K. Pendleton and Mrs. Whitney Warren.

The Most Beautiful Car in America

The "Preferred Investment"

The wise man selects his motor car investment, in much the same way that he selects a first mortgage bond or any other high grade security.

He looks for permanent, enduring quality—not mere surface veneer. He looks to the integrity of the manufacturer, the critical expressions of the average owner and the history of the product over a period of years.

It is on this basis that we would have you consider the Paige.

From the standpoint of initial cost, ours is not a cheap motor car. There are many cars on the market that sell for less money than the Paige and we could readily build them ourselves if we considered that the best policy. But we don't.

We firmly believe that selfrespect, comfort, and enduring satisfaction have an actual market value. So we build those things into our product.

We take just a little more time just a little more care in the selection of materials—just a little more pride in our work.

And the result is a real motor car-not a makeshift or compromise.

In brief, while we agree that first cost is an important consideration, we are convinced that Ultimate cost is vastly more important.

We believe that the only true test of economy is twelve months of hard, gruelling service on the road.

We believe that freedom from repair bills and excessive depreciation is infinitely more desirable than a mere catchpenny list price.

These are our convictions. We have held to them staunchly during many fitful periods in the motor car industry. So long as the Paige Company is a factor in the making and distributing of motor cars, we shall continue to adhere to them.

And it is because of these convictions, and their practical application to manufacturing, that the Paige car is regarded as a "Preferred Investment" in every automobile mart of the world.
